## **9 A.O.B**

T.R (Tony Rowswell) proposed that we publish routes, agreed that the committee work with T.R to make this happen as part of his project for the Club.

J.W (Jane Wilton) asked what the club were doing to celebrate 200<sup>th</sup> member when this occurs. A.L gave his commitment to ensure that milestone is recognised.

C.M (Colin Mitchell) proposed a vote of thanks to the committee for all the work they had done during the past year, this was recognised by a round of applause.

C.M (Colin Mitchell) expressed his concern and wanted to know what the Club were doing to about the cycle route that passes under Bishopstone Bridge and the potentially dangerous section of the A259 road from the Golden Galleon pub to Chyngton Lane North? The Chairman (A.L) explained that we had already made many approaches to the authorities including a personal meeting with our MP, Norman Baker. T.R explained his involvement in the past with the authorities regarding the Bishopstone section and the alternative routes that had been proposed in the past that included the seafront route around Tide Mills. E.C (Eddie Collicot) commented on the legislation surrounding land ownership close to the Bishopstone railway bridge. A.L closed the discussion, promising commitment by the committee to try and resolve both issues through our campaign activities.

E.M (Eon Matthews) suggested that we should create some publicity by riding as a large group of cyclists from Friston Forest car parks to Seaford, using the A259 to raise awareness of the problem. A.L agreed to consider such action to raise awareness.

P.C (Paul Cornford) suggested we use "riding with children" as one of our reasons to improve the cycle path from the Bishopstone Bridge to the start of the existing cycle path at The Buckle. A.L agreed that the committee would include this fact in our campaign.

J.R (John Reeve) commented on the "Older Cyclist" and explained his ambition to get more older people cycling again to keep fit, another reason to improve the Bishopstone Bridge cycle path. A.L agreed that this would also be used in our campaign strategy.

DCB (Denis Bass) explained the committee's decision in 2009 to support and help to raise funds for the Motor Neurone Disease Association (MNDA) over a three year period, stating that we raised £2,200 during 2010 and now asking the membership for their support to raise money in 2011. DCB stated that a CS Bike Ride would take place this year, called "Tower to Tower" the ride will be a two day ride from Tower of London to Martello Tower, a total of 90 miles. The overnight stop would be at Crawley where the evening activity would be hosted by David and Jane Wilton at their home in Crawley, we would all be invited to a BBQ in their garden, before retiring to our B&B at a local Hotel. The most likely date for this event would be Saturday 25<sup>th</sup> and Sunday 26<sup>th</sup> June 2011. Please keep these dates free if you can participate, even if it's only for part of the event, say Crawley to Seaford on Sunday 26<sup>th</sup>.

The Chairman announced that E.M (Eon Matthews) would be showing a DVD after the meeting (during supper) about his involvement with the "Pedal to Paris" Bike Ride, E.M explained that this had been the 90<sup>th</sup> Anniversary and he and a team of motor cyclists were the official outriders. E.M volunteered to assist members with information about undertaking similar rides.

The Chairman closed the meeting, with a vote of thanks to his wife Janine and to David Hester-Lock for arranging the food and cooking for this AGM. Thanks also to the Ride Leaders for their work during 2010, asking for more rides in 2011. To the committee for all the hours spent on club business, finally to Ian Cairns for his splendid effort with our website.

The meeting closed at 2040hrs, followed by supper in the hall.
