Jo Barlow handed over to DS who explained that the meeting had been called to set out the procedures for restarting Cycle Seahaven activities. With the publication of the [English Road Map](#) out of COVID, it was important that we follow the guidance as it's proposed in the document.

DS explained that he had reviewed the COVID Risk Assessments both for Group Rides and Dr Bike and had amended them to reflect the "Rule of 6" and the ongoing vaccination program.

DS had previously circulated the proposed Ride Guidance and with a few minor amendments made to the wording, all documents were agreed by those present.

The agreed start date for Club Rides, subject to any further guidance from the Government and Cycling UK would be 29th March 2021. These riders will be subject to previously agreed "Rule of 6" procedures.

The agreed date for restarting Dr Bike would be 17th April at Peacehaven, this being the first session after the proposed opening of non-essential retail. It was agreed sessions would be subject to previously agreed "Rule of 6" procedures, until the government further ease restrictions.

4. It was agreed by all present that a Blog article be prepared announcing the proposal. **Action Charlie Ireland.**

5. It was agreed by all present that a Ride Leaders Meeting be convened to discuss the Return to Group Rides and anything the Ride Leaders may need such as masks etc. **Action Carol Bryant and Dave Sutton**
