

Chairman for 2021 – Joanne Barlow

Good evening, everyone, thanks so much for supporting Cycle Seahaven and taking time to be here for our AGM. Today we celebrate the success of our club, formed by a group of cycling enthusiasts back in 2009. The club has grown from strength to strength every year, even through the worlds worst pandemic it has not stemmed the enthusiasm of our members.

Today is my opportunity to say a big “Thank you” to all of you for the work you do to ensure that Cycle Seahaven is the success it is today. I would like to thank especially the 2021 committee for all the work and personal support you have given me during my time as Chairman of our club. It would be unfair to single out any one individual, because the success of our club is teamwork and that is how we have succeeded for the past 12 years.

Every club, organisation or business must deal with the ups and downs, Cycle Seahaven is not immune to this process, but together we are a strong club, and we will make progress in the coming year albeit under new leadership.

On that note I will hand back the proceeding of tonight to Denis, who has kindly offered to chair the meeting.
